

PEACE IV LOCAL ACTION PLAN

Issue 9 – June 2019

Shared Spaces and Services Programme 3 New Shared Space 3G Pitch

As part of the New Shared Space 3G Pitch Programme the Joint School Council from St Benedict's College, Antrim Grammar, and Parkhall Integrated College participated in four engagement sessions. Ulster University's Centre for Flexible Education and ANBC PIV Team facilitated the sessions in collaboration. During the March engagement session pupils met with the former Mayor of Antrim and Newtownabbey Councillor Paul Michael, who welcomed the group to Mossley Mill, and thanked the pupils and teachers for their contribution to the programme.

Ulster University's contribution to the engagement sessions has been central to its success, creating an inspiring and enjoyable programme for the pupils who got to experience a taste of life as a student at the Jordanstown Campus.
