### **OTHER PLANNING MATTERS**

#### **ITEM 3.3 IN CONFIDENCE**

##### **P/PLAN/1 – PLANNING ENFORCEMENT REPORT 2017-2018**

The Northern Ireland Planning Statistics 2017/18 Annual Statistical Bulletin released in June 2018 by the Department for Infrastructure's Analysis, Statistics and Research Branch included information on the Council's performance on enforcement cases measured against the statutory performance targets set by DfI and was reported to the Planning Committee in July.

The DfI figures highlighted that the Council's planning enforcement team concluded 94.2% of cases within 39 weeks against the performance target of 70%. This maintained the Council's strong performance recorded during 2016-17 and again ranked first out of all Councils. The Section recorded an average time of 12.2 weeks, to process 70% of enforcement cases to target conclusion compared to 33 weeks across all Councils.

To complement the figures provided in the Annual Statistical Bulletin, the Planning Section had prepared a more detailed report on performance in relation to enforcement matters during 2017-18. This includes information on Committee performance and the position on prosecutions taken forward during the business year (copy circulated). In view of the sensitive nature of some of this information the report was presented in confidence.

It was noted that as per the Planning Protocol the Planning Section now intends to bring forward a quarterly report to the Committee on enforcement matters for Members attention.

Proposed by Alderman Smyth  
Seconded by Councillor Bingham and unanimously agreed that

**the report be noted.**

There were no public speakers to address this item.

Proposed by Alderman Campbell  
Seconded by Councillor Magill and unanimously agreed

**that outline planning permission be refused for the following reasons:**

- 1. The proposal is contrary to Policies SETT 3 and R 4 of the draft Belfast Metropolitan Area Plan 2015 in that it has not been demonstrated that:**
  - **the proposal meets a local need;**
  - **the proposal would not adversely affect the vitality and viability of existing centres within the catchment area; and**
  - **that the proposal would not alter the role and function of the centre or shopping/commercial area or node.**

**In addition, the proposal would lead to a detrimental impact on the amenity of the area.**
- 2. The proposal is contrary to the policy provisions of the Strategic Planning Policy Statement and Policy QD1 of Planning Policy Statement 7 'Quality Residential**

Environments' in that the proposed development represents an overdevelopment of the site as:

- it does not respect the surrounding context and is considered to be inappropriate to the character of the site in terms of layout, scale and massing of buildings;
  - it will have a detrimental impact on the character of this area in that the layout does not draw on the best of local traditions in terms of its form, materials and detailing;
  - the design layout and appearance will have an adverse impact on the amenity of the proposed occupants;
  - it will have an unacceptable adverse effect on the amenity of existing properties by way of dominance.
3. The proposal is contrary to the policy provisions of the Strategic Planning Policy Statement and Planning Policy Statement 7 'Quality Residential Environments', in that it has not been demonstrated that there will be no unacceptable adverse effects on the proposed properties in terms of noise and odour from the adjacent premises.
4. The proposal is contrary to the policy provisions of the Strategic Planning Policy Statement and Policy FLD 3 of PPS15 'Planning and Flood Risk', in that a robust drainage assessment has not been carried out and it has not been demonstrated that the development, if permitted, would not increase the risk of flooding elsewhere through increased surface water runoff.

In agreeing the recommendation to refuse planning permission the Committee also delegated authority to Officers to withdraw those technical grounds of refusal outlined in reasons 3 and 4 should an appeal be lodged and where the new information submitted overcomes Officer concerns on these matters.

#### **P/FP/LDP/52 – BELFAST CITY COUNCIL DRAFT PLAN STRATEGY - PUBLICATION LAUNCH**

An Officer from the Council's Forward Planning Team attended the pre-consultation launch of Belfast City Council's draft Plan Strategy on Thursday 23 August 2018 for its emerging new Local Development Plan. The formal 8-week consultation period will run from Thursday 20 September 2018 to 5pm on Thursday 15 November 2018. The draft Plan Strategy and all associated documents are available to view online at:

<http://www.belfastcity.gov.uk/buildingcontrolenvironment/Planning/localdevelopmentplan.aspx>

The draft Plan Strategy consists of the following five sections, flowing from the overarching vision for Belfast in its role as a capital city:

- **Vision, aims and objectives:** The four strategic aims of the LDP closely reflect the Belfast Agenda priorities. These aims are supported by a series of strategic objectives designed to help achieve the delivery of this vision.
- **Strategic policies:** The overarching strategic policies are to be used as a guide to assist developers to deliver development proposals that are in line with the strategic objectives of the city.
- **Spatial Development Strategy:** This sets out how the Council will manage the spatial growth for the plan area, which includes the hierarchy of settlements across the district and the way the principal settlement of Belfast City will be identified into distinct settlement areas. The Strategy reflects the unique role the city centre plays and the roles other areas across the city should play in helping the Council achieve the Local Development Plan's strategic aims.
- **Topic-based policies:** This sets out a series of detailed topic-based operational policies, which the City Council will use to deal with the land use challenges affecting Belfast. These policies will form the basis for making decisions on planning applications.
- **Delivery:** The final section is concerned with the delivery of the topic-based policies providing details of how specific policies will be applied and proposals will be implemented. This will be supported by the publication of supplementary planning

guidance and a detailed monitoring framework, the alter of which will assess the effectiveness of the policies in achieving the plan's aims for the future.

Officers from the Forward Planning Team continue to engage with their counterparts in Belfast City Council in relation to the preparation of their respective Local Development Plans and identified cross boundary issues. In relation to the strategic policies and topic based policies referred to above, Officers had no issues to raise at this stage.

Proposed by Alderman Campbell  
Seconded by Councillor Brett and unanimously agreed that

**the report be noted.**

#### **NON-DETERMINATION APPEALS AT BALLYCORR ROAD, BALLYCLARE – APPLICATIONS LA03/2017/0644/F AND LA03/2017/0790/F**

Officers advised Members that the applicants for the following two planning applications at Ballycorr Road, Ballyclare have lodged appeals with the Planning Appeals Commission in default of decisions being made by the Council. This is what is commonly referred to as a Non-Determination Appeal. This means that jurisdiction for determination of these applications has now passed to the PAC, rather than the Council. The PAC will decide in due course the form the appeal shall take – written representations or more likely an informal or formal hearing.

The Council would need to advise the PAC, the applicant and all those who have made representation of its position on these applications within the next 6-8 weeks to assist with the processing of the appeals. The Planning Section anticipates that these reports would be brought to the Planning Committee in October. All those who have made representation, including objectors, would be able to make direct representation to the PAC and if there is a hearing would have a right to be heard.

Proposed by Alderman Campbell  
Seconded by Councillor Brett and unanimously agreed that
