SECTION C - REPRESENTATIONS

Do you consider the draft Plan Strategy to be SOUND or UNSOUND?

I consider it to be 'Unsound'

Unsound Representation

Please identify which section of the draft Plan Strategy you consider to be UNSOUND:

Paragraph Number in Document:

Policy Heading:

Strategic Policy (SP) Paragraph Number:

SP 2.12 and SP 2.13

Detailed Management Policy (DM) Paragraph Number:

Page Number In Document:

78 and 79

Proposal Map (If relevant state location):

Under which test(s) of soundness do you consider this to be UNSOUND:

CE1 – Does the DPD sets out a coherent strategy from which its policies and allocations logically flow and where cross-boundary issues are relevant it is not in conflict with the DPD's of neighbouring Councils?

Please give details why you consider the draft Plan Strategy to be UNSOUND having regard to the test(s) you have identified above.

Unsound Justification:

The Title should perhaps be changed to Town Centre Uses (including retailing) to make it explicitly clear that it applies to all town centre uses.

The use of the term "retail centres" is misleading and should be replaced with the term "mixed use centres"

Proposal Map (If relevant state location):

Under which test(s) of soundness do you consider this to be UNSOUND:

CE2 - Are the strategy, policies and allocations realistic and appropriate having considered the relevant alternatives and are founded on a robust evidence base?

Please give details why you consider the draft Plan Strategy to be UNSOUND having regard to the test(s) you have identified above.

Unsound Justification:

Use of the words "that generate significant footfall" lacks clarity and would be open to interpretation. There are uses that do not generate generate significant footfall but should still be directed to locations in town centres and other mixed use service centres.

Policy Heading :

Belfast International Airport SEL

Strategic Policy (SP) Paragraph Number:

SP 2.8

Detailed Management Policy (DM) Paragraph Number:

Please give details why you consider the draft Plan Strategy to be UNSOUND having regard to the test(s) you have identified above.

Unsound Justification:

The policy permits "business" and "other complementary employment and service uses" at this location. This would allow uses that should be directed to a town

centre or mixed use service centre location.

Please give details why you consider the draft Plan Strategy to be UNSOUND having regard to the test(s) you have identified above.

Unsound Justification:

Policy DM 1 would allow town centre uses such as offices and call centres in SELs and other zoned employment sites. Such uses should be directed to town centres and smaller mixed use service centres.

Additional Representation 6

What does your sixth representation relate to?

An 'Unsound' representation

Representation 6 - UNSOUND

Please identify which section of the draft Plan Strategy you consider to be UNSOUND:

Paragraph Number in Document:

Policy Heading:

Town centre boundaries

Strategic Policy (SP) Paragraph Number:

SP 2.13

Detailed Management Policy (DM) Paragraph Number:

Page Number In Document:

Proposal Map (If relevant state location):

Under which test(s) of soundness do you consider this to be UNSOUND:

CE1 – Does the DPD sets out a coherent strategy from which its policies and allocations logically flow and where cross-boundary issues are relevant it is not in conflict with the DPD's of neighbouring Councils?, CE2 - Are the strategy, policies and allocations realistic and appropriate having considered the relevant alternatives and are founded on a robust evidence base?

Please give details why you consider the draft Plan Strategy to be UNSOUND having regard to the test(s) you have identified above.

Unsound Justification:

It is unclear what status the proposed draft centre boundaries defined in Appendix F of Evidence Paper 4 have.

The lack of new defined town centre boundaries at Plan Strategy stage has the potential to limit town centre first development and will delay the proper implementation of the relevant policies.

The proposed draft town centre boundaries are too restrictive and do not allow for the full realisation of potential development opportunities in some locations and particularly in Antrim.

Additional Representation 7

What does your seventh representation relate to?

An 'Unsound' representation

Representation 7 - UNSOUND

Please identify which section of the draft Plan Strategy you consider to be UNSOUND:

Paragraph Number in Document:

Policy Heading:

Strategic Policy (SP) Paragraph Number:

SP 2.12

Detailed Management Policy (DM) Paragraph Number:

Page Number In Document:

Proposal Map (If relevant state location):

Under which test(s) of soundness do you consider this to be UNSOUND:

C3 - Did the Council take account of policy and guidance issued by the Department?, CE1 – Does the DPD sets out a coherent strategy from which its policies and allocations logically flow and where cross-boundary issues are relevant it is not in conflict with the DPD's of neighbouring Councils?, CE2 - Are the strategy, policies and allocations realistic and appropriate having considered the relevant alternatives and are founded on a robust evidence base?

Please give details why you consider the draft Plan Strategy to be UNSOUND having regard to the test(s) you have identified above.

Unsound Justification:

The Global Point SEL and land to the north on the opposite side of the railway offer one of the most accessible locations in Northern Ireland being adjacent to a key transport corridor and having excellent public transport and active travel connections.

Additionally, the site is in close proximity to key civic and recreational uses including Mossley Mill and Ballyearl.

An opportunity exists here for high density mixed use development that will take advantage of these characteristics.

Modifications :

The land in the Global Point site located between the Three Mile Water and the railway, plus the land between the Ballyearl centre and the railway should be

defined as a mixed use service centre (possibly a town or district centre) and should be the focus of high density urban development including offices (already permitted at Global Point).
