Antrim Grammar School, Parkhall Integrated College and St. Benedict's College Schools Engagement Day – 3G Pitch

Following the success of the schools engagement day back in June 2018, pupils from all three schools came together again to learn more about the development of the upcoming 3G Pitch. The session focused on engineering and robotics, allowing pupils to learn more about the design and usage of the pitch.

Thanks to Antrim Grammar School for hosting the event and the Flexible Education Unit at Ulster University for facilitating another great session!
