Local Development Draft Plan Strategy Counter Representation

On behalf of DCA and further to our Representation included as 0015 in the list of the Draft Plan Strategy Representations, DCA state again support for the Draft Plan Strategy Document and in particular the Housing Growth Allocation of 10 for Dunadry. For those in the belief this figure is lower than it should be, and who wish to have this increased, we would point out that this must be viewed in the context of what has taken place in Dunadry over the life of the previous Area Plan. In the period 1984 – 2010, Dunadry saw planning approvals of some 229 dwellings, 760% of what was foreseen in the previous plan.

We look forward to the next stage in the formulation of this new plan.

Yours sincerely

Geoff Simon
Hon. Secretary
Dunadry Community Association
