

PEACE IV LOCAL ACTION PLAN

Issue 8 – May 2019

Shared Spaces and Services Programme 3 – New Shared Space Programme, Crumlin Glen

The PEACE IV New Shared Space Programme – Crumlin Glen included an output of engagement to ensure the development of the Natural Play Area meets the needs of local people to encourage the ongoing use of the natural play area. This programme included three participating schools; St Joseph's Primary School, Crumlin Integrated Primary School, and Gaelscoil Ghleann Darach Crumlin.

The participants took part in an art engagement session to develop their ideas, followed by a site visit promoting outdoor play. This inspired the children to create their own play area using various materials. Key Recommendations from each sessions have been used in the planning of this natural play area. It is anticipated that construction work to be complete by Dec 2019.
